Experience

- Built and deployed full-stack projects including a real-time chat app (Node.js, Express.js, MongoDB) and portfolio website, gaining hands-on experience in APIs, authentication, and responsive UI design.
- Solved real-world problems in hackathons by developing working prototypes under tight deadlines, leading backend development, integrating databases, and debugging live issues for smooth delivery.
- expertise in backend and frontend development, authentication systems, database management, focusing on clean code, scalability, and smooth deployment.

Projects

Twit-Chat Application

Dec 2024 - Jan 2025

Tools : HTML, CSS, JavaScript, Node.js , Express.js, Socket.io, ejs

- Developed a real-time chat application using Node.js, Express.js, and MongoDB, enabling smooth one-to-one and group communication.
- Implemented features like responsive UI, and multi-platform support, ensuring smooth collaboration for different use cases.

Sign-Up Page

Nov 2024 - Dec 2024

Tools : HTML, CSS

- The form features smooth animations and dynamic interactions, ensuring a modern and intuitive interface.
- Designed and developed a visually engaging, animated signup form aimed at enhancing user experience.
- Implemented using HTML and CSS for seamless responsiveness and user-friendly design, making the signup process more appealing and interactions.

Note Master

Jan 2025 - Feb 2025

Tools : HTML, CSS, Node.js , Express.js, ejs

- A lightweight notepad feature that allows users to **create, rename, and store** .txt files without a database.
- Enables note-taking and file management while preserving content integrity. Built with Node.js and a simple frontend.

Education

BCA - Silver Oak University, Ahmedabad

(2023 - Pursuing)

Courses : Python, MongoDB, C++, JavaScript, Core Java, HTML, CSS

Higher Secondary - Maktabah Jafariyah, Sedrana, Gujarat

(2023)

Courses : Statistics, Account, Economics

Senior Secondary - Maktabah Jafariyah, Sedrana, Gujarat

(2021)

Technical Skills

Programming Languages : Javascript, Python, Core Java, C++, HTML, CSS

Frameworks : Node.js, Express.js, Bootstrap, Django

Databases : MongoDB, MySQL
