Professional Summary

AI Engineer and Backend Developer with experience building LLM-powered AI agents, workflow automation systems, REST APIs, and real-time applications using Node.js, Express.js, MongoDB, OpenAI APIs, and n8n. Skilled in designing scalable backend architectures, AI-powered booking systems, authentication, workflow automation, and conversational AI solutions. Passionate about developing production-ready AI applications that improve business efficiency through intelligent automation.

Professional Experience

Advance Booking System

Feb 2026 - April 2026

Tools : n8n, OpenAI, Express.js, MongoDB, Auth

- Designed and developed an AI-powered booking automation platform using OpenAI APIs and n8n workflows.
- Built intelligent conversational agents capable of automating appointment scheduling through natural language interactions.
- Developed scalable REST APIs supporting multi-business, multi-staff, and role-based booking management.
- Implemented secure authentication and authorization using JWT and bcrypt.
- Designed modular backend architecture for easy integration with future AI services and business workflows.
- Automated booking workflows, reducing manual scheduling effort and improving operational efficiency.

Twit-Chat Application

Dec 2024 - Jan 2025

Tools : HTML, CSS, JavaScript, Node.js , Express.js, Socket.io, ejs

- Built a real-time chat platform using Node.js, Express.js, MongoDB, Socket.io, and EJS, supporting one-to-one and group messaging with low-latency communication.
- Improved user experience by developing a responsive multi-device interface, increasing usability across desktop and mobile browsers.
- Designed scalable backend APIs and optimized WebSocket communication to ensure reliable real-time message delivery.

Education

BCA - Silver Oak University, Ahmedabad **CGPA - 8.2/10**

(2023 - 2026)

Courses : Python, MongoDB, C++, JavaScript, Core Java, HTML, CSS

Higher Secondary - Maktabah Jafariyah, Sedrana, Gujarat

(2023)

Courses : Statistics, Account, Economics

Senior Secondary - Maktabah Jafariyah, Sedrana, Gujarat

(2021)

Technical Skills

Artificial Intelligence : Open AI API, Claude AI, AI Agents, AI Workflow, NLP

Frameworks : Node.js, Express.js, JWT, Auth, bcrypt, Socket.io

Programming Languages : Javascript, Python, Core Java, C++, HTML5, CSS3

Databases : MongoDB, MySQL

Automation & Tools : n8n, Git, GitHub
